About Pemko Sliding Door Hardware:

Sliding Doors allows space previously required for swing clearance to be better utilized for decor or to give a more open feel. Sliding Door Hardware can be discretely hidden or a visible fashion statement.

Select your solution kit based on the door weight, size, mounting (overhead or side wall), sliding or folding, and any special characteristics of the particular opening such as the need for a low profile system. Sliding Kits are offered for doors weighing 180 lbs, up to 1100 lbs. Folding Kits are offered for doors weighing up to 275 lbs each.

ASSA ABLOY is the North American distributor for sliding and folding door hardware manufactured by P.C. Henderson. The P.C. Henderson hardware solution kits include all the components needed to complete a project, except for the actual door. The warranty on P.C. Henderson products is 2 years.

There are a number of Pemko hardware solution kits including the Pocket Frame Kit, Side Wall Track System, Bypass Track System H180, SHS80, SIM150 and Stainless Steel Sliding Track Hardware. The warranty on these Pemko products is 5 years.

A (Mill Finish Aluminum)  C (Clear Anodized)

ASSA ABLOY
The global leader in door opening solutions
SIM200A Series
For Sliding Doors up to 48” wide and 200 lbs.
Manufactured by P.C. Henderson

**Side Wall Mount**

**Overhead Mount**

Simultaneous Action Unit (SIM) allows the simultaneous operation of two doors.

**Features:**
- Allows individual bi-part doors to act as a single operating unit. When one door is opened or closed, the second door operates simultaneously
- 200 lb. panel capacity
- Hanger body is made of nickel plated zinc alloy for durability and long life
- Zinc alloy ball bearing wheels coated in nylon for smooth operation
- Clear anodized aluminum track 280C
- 2 year warranty

**SIM200A Kits Include:**
- 1 ea 280C Clear Anodized Aluminum Track
- 4 ea H222R1 Hangers
- 4 ea 601H Nylon In-Track Clip Stop
- 2 ea 102N White Nylon Mortise Guide
- 1 ea SIM100 Cable and Pulley Kit

- Polypropylene Guide Rail EPD3BL for use with 102N or 102WN
LP200 Series
For Sliding Panels up to 200 lbs.
Manufactured by P.C. Henderson

Low profile design for use where space is limited.

Configurations:  Installations:
• Single  • Overhead Mount
• Bi-parting  • Side Wall Mount

Features:
• Used to maximize door height
• Designed to give a modern clean finish with all parts concealed. Ideal for applications where minimal clearance between track and door is required
• Easy installation and adjustment
• 200 lb. panel capacity
• Needle bearing nylon wheels for smooth operation
• Clear anodized aluminum track 280C
• 2 year warranty

LP200A Kits Include:
1 ea  280C Clear Anodized Aluminum Track
1 ea  LH100 Hardware Kit

LH100 Hardware Kits Include:
2 ea  Low Head Room Units
2 ea  End Caps
2 ea  In-Track Clip Stops
1 ea  Screw Pack
2 ea  Low Head Room Hangers
1 ea  102N White Nylon Mortise Guide
1 ea  Small Spanner and 4mm Allen Key

Sirocco Series
For Sliding Panels up to 200 lbs.
Manufactured by P.C. Henderson

The Sirocco system is a quiet, user friendly, self closing system which brings the door gently to a close. The integrated hydraulic soft stop brings the door to a safe and cushioned close making it ideal for disabled access systems or public areas. The internal door brake can also be adjusted to allow the user to dictate the speed of opening preventing damage to the door and system.

**Configurations:**
- Single

**Installations:**
- Side Wall Mount

**Features:**
- Self closing system for a single door from 31 1/2" to 47 1/4" wide and up to 200 lbs.
- Interior applications only
- Comes complete with a hydraulically controlled soft close feature
- Adjustable closing speed
- Door brake to reduce opening speed to prevent damage to the door and system
- Optional hold open unit giving adjustable time delay before self closing
- Operational between temperature ranges of 50 to 104 degrees Fahrenheit
- 2 year warranty

Right Hand SIRRH Shown Above and Below

Sirocco Series Kits Include:
- 1 ea Track 86.61" long
- 1 ea Leading hanger
- 1 ea Trailing hanger
- 1 ea Hydraulic Control Unit
- 1 ea Closing brake rack
- 1 ea Opening brake rack
- 1 ea Power spring mounting bracket
- 7 ea Height adjustment plates
- 1 ea Power spring unit
- 1 ea Guide roller
- 1 ea Opening door stop
- 1 ea Door stop roller
- 1 ea Closing door stop
- 2 ea Wooden door plate (and all required screws and bolts)

For Sliding Panels up to 198 lbs.

Configurations:  Installations:
- Single  • Side Wall Mount (only)
- Bi-parting

Features:
- Made of 304 stainless steel
- Nylon coated stainless steel wheel for smooth operation
- 198 lb. panel capacity
- 5 year warranty

Finishes:
- Brushed Stainless Steel (W100)
- Black Powder Coated Stainless Steel (W100D)
- Polished Stainless Steel (W100P)
- Satin Bronze Powder Coated Stainless Steel (W100BE)

W80 Kits Include:
1 ea  BAR/ Stainless Steel Track
  –  BRACKET2 Stainless Steel Wall Brackets
2 ea  111 Stainless Steel Hangers
1 ea  102SS-KIT Stainless Steel Guide
2 ea  STOP2 Stainless Steel Stops Mounting Hardware

NOTE: If ordering individual parts in the optional Black Powder Coat, Polished finishes or Satin Bronze be sure to include a prefix “D” for Black Powder Coat, “P” for Polished Stainless, or “BE” for Satin Bronze Powder Coat

Simultaneous Acting Sliding Door System

SIM 150 for 2 Door Systems
For Sliding Panels up to 176 lbs.

Pulley System Kit Includes:
- Pre-Assembled Pulley System
- In-Track Stops and Hangers
- Door Bottom Guides
- Floor Stops, Back Stop and End Plates
- Installation Fasteners

Single Extrusion Aluminum Track must be ordered separately.

Specify door width when ordering. Default door overlap is 3”. Any other overlap must be specified (Min. overlap is 2”).

Options:
- Lock Kit- includes lock with edge pull, and cup pull, SIM150-LOCKKIT
- Bolt Kit- includes surface bolt, dust-proof strike, cup pull, and edge pull, SIM150-BOLTKIT
- Snap-on Fascia Available F134
- Polypropylene Guide Rail EPD3BL
Simultaneous Acting Sliding Door System

SIM 150 for 3 Door Systems
For Sliding Panels up to 176 lbs.

Pulley System Kit Includes:
- Pre-Assembled Pulley System
- In-Track Stops and Hangers
- Door Bottom Guides
- Floor Stops, Back Stop and End Plates
- Installation Fasteners
