Architectural Capabilities Statement – Government Programs

Core Competencies

ASSA ABLOY Opening Solutions combines the most knowledgeable door opening experts and architectural specification writing with a comprehensive product offering of leading door and hardware brands. This allows us to provide comprehensive openings solutions to partners, owners, and end-users in government, commercial, retail, multi-family, and institutional facilities.

- Professional Specification Services
- Openings Studio® - 3-D (BIM) technology to create and visualize full 3-D doors, frames and hardware objects (For a demonstration please inquire through the website)
- Autodesk® Revit® Door Families
- Division 8 specification support and solutions
- Sustainability/Energy Efficiency Focus

Government Facilities

Differentiators

**SPECIFICATION SUPPORT:** Ability to support clients with Div 08/28 architectural specifications to include BIM and SpecsIntact, as well as RFP package support.

**SUSTAINABILITY:** Industry leader in providing sustainable products focused on energy reduction & product transparency via third party product certifications.

**DISTRIBUTOR NETWORK:** Vast distribution network which supports construction & SRM requirements, including a network of set-aside partners ranging from SDVOB, VOSB, 8A, HUB, Minority & Women-owned Small Businesses.

**EXPERIENCE:** Strong history of providing total door hardware solutions while supporting best practice building and security standards.

Architectural Services:

Our specification consultants at Door Security Solutions prepare non-proprietary specifications for all building types, based on industry standards and in compliance with applicable codes, regulations and laws.
